## FCCAPC AREA REPRESENTATIVES

### **What is an Area Representative?**

An Area Representative is a person who volunteers to be in charge of a designated area (*usually in and around the area that your childcare facility is located*) to make contact with other child care Providers in these areas by either phone calls, email, or send out post cards *and* invite them to come to the FCCAPC monthly general meetings. Area Reps along with other providers in the area can decide to get together at individual homes or restaurants and discuss things that are happening in their areas, or just get together and socialize or exchange helpful information from each other. If anyone in the group has concerns or questions that need help, the Area Rep can bring these issues to the Board Meeting. Together we can make sure every provider always gets the support you need.

**What can they do for you and your business?** Coordinates networking opportunities within a zip code Advice on challenges that occur on a daily basis. When you need help with anything in the family childcare field. Contact your Area Representative.
